were of chiffon.

Baby blue is in strong favor and was the tint of a taffeta evening dress which had facings of pink taffeta. The girdle was of such a width as to form the bodice and the yoke of the skirt. The dainty sleeves were of lace and there was a finish of a corsage bouquet of French roses.

Besides these two shades of baby bilue and pink, so well liked for evening gowns, much coral and maize is used.

A maize taffeta model shown was in pannier effect, yet had a novel touch in the shape of a strictly tailored vest with jet buttons. The skirt was entirely formed of four lace ruffles. In this model there was a revival of the smart shoulder straps or suspender effect in black velvet ribbon, always a nativ touch.

weeks since and sent to this country with a prize crew put into New London on Friday in distress.

The revenue cutter Campbell after a very pleasant visit of a couple of days enjoyed by our citizens not less than by the gentle manly officers 'n command tripped her anchor yesterday afternoon and with a parting gun by way of salute started for New London in tow of a tugboat. The parting gun was replied with a "Palmer's Wharf Salute" of three guns from IAr. Turner's Columbiad on the deck. The touching off was done by Captain Thurber who is perfectly familiar with both ends of the guns having gained his experience in that fine in the Algerine war in Rhode Island. The Taftville soccer football team meets probably one of the severest tests of the reason today when the play Plainfield on the Providence street grounds in the game that will dissolve the tie for the first position in the league. Both teams are evenly matched practically man to man and both have won two games and have not lost any.

The committee in charge of the arrangements have made preparations

The committee in charge of the arrangements have made proparations for the large crowd that will be on hand and have made proparations for a big sale of tickets. The local enthusiasts are more than confident of victory, as they think the resum has developed many merits in the last two weeks and from the showing that they have made this week during their practice has added much speed and team work, which is a great factor in the game.

From the first kick off until the referee's final whistle sounds for time the local loys will be in the fray for nothing but the big end of the score. They are ambitious enough to make a clean sweep of the series for the Bulletin cup and have a great chance for the coveted prize.

Additional interest in this case arises from the fact that the German cruiser Karisruhe has been hovering off the Brazilian coast. Soine observers believe that she will seek to capture the Dollar.

Though no definite statement has been obtainable as to the status of the Dollar from any official of the Government it has been contended unofficially that the whole matter of protest against the clearance of the ship was the result of a mistake on the part of the Dominion Government or the British Consular Service, either at Ottawa or Rio, and would be straightened out in short order. It is true, however, that the Brazilian Government took the view that to let a former British ship clear under the American flag might involve Brazil's neutrality. The work on the repairing of the boarding house is nearly completed and will be finished very soon.

#### A NORWICH INOUIRY

Answered By the Statement Of a Norwich Resident. .

When first the long series of reports of Norwich people who have been relieved by Doan's Kidney Pills were published in the local press, great enthusiasm and interest were aroused. But Norwich is now inquiring "How are these people keeping today? How has the benefit they received withstood the test of time?" For that, after all, is the essential test of a cure. On this point doubt can no longer exist, for after many years those who have been cured, emphatically declare their cures to be lasting. D. J. Brown, 6 Summer St., Norwick says: "The results that followed the use of Doan's Kidney Pills in my case were satisfactory. I got this remedy at N. D. Sevin & Son's Drug Store and it proved effective in strengthening my kidneys and relieving other symptoms of kidney trouble."

A LASTING EFFECT. At a later interview, Mr. Brown said: "I still hold a high opinion of Doan's Kidney Pills and confirm the public statement I gave in their praise some years ago. Kidney trouble and I have been strangers for a long time."
